WOULD LIKE TO INTRODUCE THE INPUT FINANCE PROGRAM . . .

Convenient, full-season input financing for your operating needs is now available at the same proven source of production inputs -- your local cooperative. United Ag Service has teamed up with The Cooperative Finance Association, Inc. (CFA) to offer attractive financing options for your production needs.

CFA's Production Ag Lending department offers flexible loan programs to agricultural producers who are customers or potential customers of United Ag Service. CFA is an agricultural finance cooperative based in Kansas City, Missouri and has provided reliable financial products and services to the agricultural industry since 1943.

United Ag Service is currently offering special financing on wheat inputs this fall. Please contact United Ag Service for details.

United Ag Service offers input financing for both crop and livestock enterprises. Now all your needs for financing, agronomy, feed, and other production needs can be handled in a single visit. This is a service you can depend on with United Ag Service. Please contact John for details.
