

MEMO

January 1, 2018

Dear valued United Ag Service customer,

At the end of 2017 CHS Lubricants transitioned to a new supplier for 30 and 55 gallon oil drums for their Cenex brand products. As part of this conversion, all drums sold after October 30, 2017 will be considered "one-way," and will not be eligible for return when empty.

Any reconditioned Cenex drums purchased prior to that time that are in the marketplace need to be returned to United Ag Service by March 31, 2018. After March 31, 2018, no drum returns will be accepted for credit.

United Ag Service truly values your business. If you have any questions on this transition, please contact J.R. Schmitt at 620-935-4204 in Galatia.
